

DEMONSTRATION PROJECT

ChokoBerry

An artisan product with a distinctive online presence

A presentation website for chocolate-covered strawberries. The design focuses on the brand, flavours and occasions, then guides visitors towards preparing an order enquiry through WhatsApp.

The ChokoBerry presentation page with the demo's original graphic visual. The interface is shown in its original language.

KEY FEATURES

- A consistent visual presentation of the product range and brand story.
- Sections for events, gifts and personalised packages.
- A form collecting flavour, quantity, date and a message for the enquiry.
- A WhatsApp handoff and spaces prepared for photography and social profiles.

WHO IT IS FOR

Dessert brands, small food businesses and event suppliers.

WHY IT IS USEFUL

Connects product discovery to a clear contact step, suited to a business that confirms orders personally.

DEMO SCOPE

Brand demo using graphic visuals. Commercial details must be completed before real use. It does not include a shopping cart, online payment or automatic order confirmation.

A SIMPLE WORKFLOW

Explore flavours / choose details / prepare the message / confirm with the team.
